

SMILEY DOG RESCUE ...

A dedicated group of volunteers in the San Francisco Bay Area whose mission is to rescue and ultimately re-home abandoned,

stray and neglected dogs. We rescue dogs from local animal shelters that are at risk for euthanasia.

All Smiley Dogs are socialized in loving foster homes where they receive quality food and veterinary

care. All are spayed or neutered and current on shots.

We evaluate all Smiley Dogs individually for temperament in order to place them in homes well suited to their needs and those of their future owners.

There are so many great dogs looking for great homes. Let us help find the right dog for you!

HARSH TRUTHS

Local shelters euthanize thousands of animals every year. We are the only hope for many of these abandoned dogs. Our dedication to the dogs in our program is unsurpassed. If a dog is adoptable, no matter how long it takes, we keep trying – and sometimes it takes a very long time.

HOW YOU CAN HELP

FOSTERING

Save a life by fostering a dog in need. We provide food, medical attention and emotional support. You provide love, socialization, and a temporary home. Together, we can rescue abandoned dogs and give them a much-deserved second chance.

HANDLING & TRANSPORTATION

We showcase our wonderful dogs at weekly mobile adoptions.

Volunteer to transport the dogs between foster homes and the adoption site, or sign up to “handle” a dog during an adoption event.

READY TO ADOPT?

Visit our website at www.smileydogrescue.org for photos and information about our dogs and adoption events, as well as other dogs available in local shelters and through other rescue organizations. We are looking for people willing to make their dog an integral part of their family.

DONATIONS

Our organization relies 100% on contributions – we have no paid employees. We accept donations of money, food, crates, leashes, toys and treats. Your monetary donations pay for veterinary care, food, supplies, boarding and shelter fees.

Together, we can rescue and find loving homes for homeless dogs and give them a much-deserved second chance ...
